Instructions

1. Stitch designs on plastic canvas using two strands floss or one strand fine braid for Cross-Stitch, and one strand floss or one strand fine braid for Backstitch. Use two strands floss or one strand fine braid for French Knot.

2. Use four strands floss for light tangerine Lazy-Daisy stitches, three strands floss for bright red and dark topaz Lazy-Daisy stitches and two strands floss for very dark blue green and light celadon green Lazy-Daisy stitches. **Notes:** Refer to Lazy-Daisy placement graphs for Santa Ornament No. 1 and Santa Ornament No.

5. For flame, complete bright red Lazy-Daisy stitch first, then work light tangerine Lazy-Daisy through same holes as bright red stitch, laying loop around bright red stitch.

Finishing

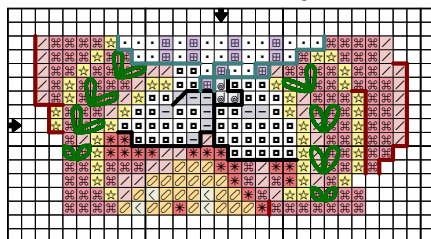

1. Trim plastic canvas one hole beyond stitching.
2. For each ornament, cut an 8-inch strand of fine gold braid; glue both ends to the

top back of ornament to form a hanging loop.

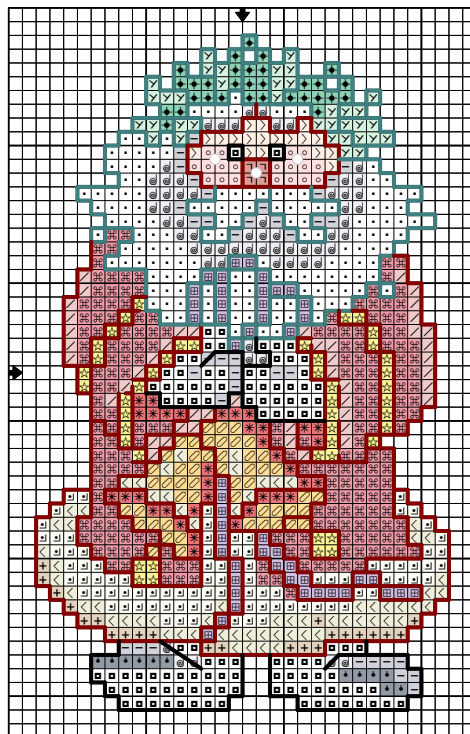

3. Glue each ornament to felt; let dry. Trim felt to fit ornament. ❖
